

Benefits

of Attending

Since conferences are the places where new science results are typically first presented so, it helps you sharpen the saw, meet experts & influencers face to face, learning in a new space, build your knowledge base, expand your resources and grow your professional network. Yet attending BIOSFE 2020 will not only helps you gain previous benefits but also can be very rewarding on the professional level due to below reasons:

- 1. Open Discussions:** We bring together leading academic scientists and Technology experts to exchange and share their experiences and research results on all aspects of smart farming entrepreneurship and biotechnology in the era of industrial revolution 4.0. Furthermore, you get to converse with other researchers from different universities and countries. You learn from experts in the field. It is a great opportunity to find more about your field and listen to ideas that could help inspire research ideas of your own.
- 2. Publication:** The conference proceedings will be published by one or more journals of Indexed Journals.
- 3. Research Technologies:** Conferences also can expand your resources by providing a great opportunity to promote gathered information on new technologies related to your research. Moreover, they let you test them out, share teaching tools and techniques, or even obtain samples of textbooks.
- 4. Networking:** Conferences help in networking which often increases your chances of collaboration in future projects. As you can engage with respectable professors and discuss with them the very latest research projects they could be working on.

5. Academic Reputation: Attending many conferences will make you a known figure in academic circles, not to mention the benefits for your C.V as it will create an impression that you are an active member of the academic community.

6. Conference Proceedings Material: Delegates will have the choice of receiving the conference proceedings as either a hardcover book or in digital format. The eSouvneir will be available on the Conference site for ll to view and download to bring more visibility to your research and possible future collaboration.
