**Air:** Dimapur is also connected to major cities of India via Kolkata by Indigo (6E377/ 6E417) and Air India (AI 709/AI 710, does not ply on Saturday) flight. Dimapur (DMU) Airport is located 19 km from the Institute and 6 km from the Dimapur city.

## Weather condition in Medziphema

Medziphema, spreads over a very wide beautiful landscape and its altitude is about 360 m above the sea level. It is neither a hill nor a valley and actually represents an interface of the Hilly Nagaland and the valleys as the actual hill region more or less start after this area as we move up towards Kohima. During the month of October-November the day temperature may go up to 29 OC and night temperature may fall up to 19°C.
